Contour seat to support your legs

Innovative weight-activated chair motion balance your whole body

Embrace True Comfort

We've designed Verta with your body in mind. No matter your size or shape, our contoured back and adjustable seat offers support for the human frame, aligning with a variety of vertebral forms and offering even distribution across pressure points. The distinctive V-shape design presents a solid base of strength and structure, while also allowing for endless flexibility. Verta offers true flexibility for your comfort.

Headrest Adjustment
Ensure the most comfortable posture by adjusting to your own angle and height.

Lumbar Support Adjustment
Adjust height in range of 6cm to ensure comfort for different body shape.

Weight-activated Synchronized mechanism
Adjust recline tension automatically by sensing your body weight.

Seat Depth Adjustment
Adjust the depth up to 5cm to optimize comfort.

2D/4D Armrest Adjustment
Adjust arm width, arm angle, arm height or arm depth.
